

# THE NEW TOURISM INITIATIVE IN ARKLAY

*July 19, 1993*

The core of this initiative focuses on the development and promotion of the scenic Arklay Mountain trails. By enhancing access to these natural landmarks, Umbrella Corporation aims to invite thousands of new visitors to experience the unique beauty of the region. This influx of tourism is expected to provide a substantial boost to local businesses and infrastructure.

As the region prepares for increased visibility, Umbrella Corporation remains steadfast in its dedication to the area. Safety and community growth serve as the highest priorities throughout this expansion. The corporation continues to invest locally to ensure that Raccoon City remains a premier destination for families and nature enthusiasts alike.
